Mr Nowak presented the proposed layout of the exhibition and the associated conference materials: a publication on Rittmeister Witold Pilecki as well as other brochures on the topic.

The Institute of National Remembrance is going to actively support the initiative, engaging its efforts in the publication of the above-mentioned book and promotional leaflets.

The endeavour is going to be a joint project involving : The Polish Community Council of Victoria, The Circle of Former Home Army Soldiers in Melbourne, the Managing Board of the

“Pilecki Project” and the IPN.

The undertaking is closely linked to the upcoming 70th anniversary of the death of Rittmeister Witold Pilecki.
