Reflections on the Kielce Pogrom

Reflections on the Kielce Pogrom, edited by Łukasz Kamiński and Jan Żaryn, Warszawa 2006, p. 151

This volume contains four articles by renowned experts of contemporary Polish history allowing the reader to probe deeper into the foundation and consequences of the Kielce pogrom of 1946. The opening essay raises the difficult subject of relations between Poles and Jews in 1944-1946. The two following essays are attempts to confront two theses propagated by the communist authorities – accusations regarding the responsibility of the opposition underground for instigating the pogrom and the passivity of the Polish Catholic Church hierarchy in the face of violence against Jews. The final essay provides a synthesis of disputes, discussions and manipulations which have accompanied the story of Kielce pogrom from the outset.

- Preface – Janusz Kurtyka
- Bożena Szaynok – Poles and Jews from July 1944 to July 1946
- Ryszard Śmietanka-Kruszelnicki – Pogrom in Kielce – the underground as defendant
- Jan Żaryn – The Catholic Church hierarchy vis-à-vis Polish-Jewish relations
- Bożena Szaynok – Disputes over the Kielce pogrom
- List of abbreviations
- Selected bibliography
- Index
